

KIDS ECO CLUB

Innovate Engage Empower Lead

OUR MISSION:

Connecting our youth with environmental education

KEC Mission:

To increase eco-consciousness and social responsibility in children and young adults by improving and offering educational programs and environmental projects. Through innovative and collaborative partnerships, KidsEcoClub will develop the next generation of leaders to be proactive in promoting and working toward environmental sustainability.

KEC Vision:

To be the largest and most widespread organization for youth environmental education, connecting the community with youth, offering expansive programs, and providing resources for schools nation-wide.

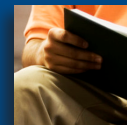

OBJECTIVES

Education

IMPLEMENTATION

To facilitate the implementation of the California Environmental Educational Initiative in schools across the nation.

SCHOOL CLUBS

To create EcoClubs on the campuses of US schools that will engage kids to focus on projects and topics relative to environmental sustainability.

Leadership & Policy

ENVIRONMENTAL NETWORK

To develop and host an integrated website to provide widespread resources for schools and educators to access volunteers and information.

COLLABORATION

To create partnerships with leading environmental science and education organizations for programming and high-level education.

"The natural world is a set of contexts within which we can more fully realize our dreams."

– Paul Shephard –

PROGRAM NAME	PURPOSE
On-Campus Eco Clubs	Forming clubs on the campus of lower, middle and high schools where kids can participate in environmental projects and gain exposure to the EEI curriculum and sustainability principles
Web-based Volunteer Database	Connect schools with volunteers that have interest or expertise in a particular area
Sponsored Eco Field-Trips	Support and fund Eco-educational field trips for low-income schools
Youth Environmental Leadership Training	Workshops, seminars, and conferences to provide leadership development and training for kids involved in EcoClubs nationwide, focused on developing the next generation of environmental leaders
Green Youth Council	Provide leadership opportunities to a selected group of kids who will travel and act as the "directors" of workshops, seminars and conferences

KEC is uniquely qualified to succeed based on quality programs, committed and talented leadership, and top organizational collaborations.

KidsEcoClub is a 501c3 organization. For more information, please contact Susan L Guinn, KEC President at: sguin1@san.rr.com or visit: www.kidsecoclub.org
