

## PLEDGE

Send live starfish, sea creatures and jars of marine animals along with microscopes and scientists to 450 first and second grade students this spring.

This program will impact the most diverse and underserved schools in San Diego County.

It is well known that people protect what they love and love what they know. Give the gift of a lifelong love of the ocean to hundreds of students.

**Help Promote a Love of the Ocean    Cost: \$3,000.00**

☐ **Yes, I pledge \$3,000.00 to sponsor this great program.**
